LAUNCHING ICMMM PROJECT

The project I Can Manage My Money (ICMMM) is funded under the Erasmus+ KA210 – Adult Education programme, with the project number 20204-BI-DE02-KA210-ADU-00024392.

We are pleased to announce the launch of our Erasmus+ project, which will be implemented over a period of 24 months. The project focuses on improving financial literacy among disadvantaged adult learners by providing simple, accessible, and multilingual educational materials.

This initial phase of the project focuses on planning and development, ensuring a strong foundation for the creation of high-quality learning resources.

Through this initiative, the partnership will develop and adapt key learning resources, including the FinanzFit training programme, the “Wirtschaftswissen leicht gemacht” educational board game, and the “You Can Manage Your Money” training programme. All materials will be designed in a simple, accessible format and will be available online for free access in multiple languages.

The project is implemented by an international partnership consisting of prEUnec GmbH (Germany) as the coordinator, LogosAble Onlus (Italy), VondiConsulting (Austria), and Kuşadası Sürdürülebilir Kalkınma Derneği (Türkiye).

During the project, multiplier events and dissemination activities will be organised in each partner country to ensure that the results reach the target groups effectively and create a wider impact.

By the end of the project, ICMMM aims to support low-skilled adults, migrants, and other vulnerable groups by equipping them with practical financial knowledge and strengthening their ability to make informed financial decisions in everyday life.
