

The third Transnational Project Meeting of the Erasmus+ project “I Can Manage My Money (ICMMM)” was successfully held in Innsbruck, Austria, on 12–14 April 2026, hosted by VondiConsulting.

This phase of the project focused on the finalisation of results and preparation for dissemination activities.

The meeting brought together all project partners to continue the implementation of project activities and strengthen collaboration. The programme started with an informal welcome gathering, followed by two full days of intensive workshops and discussions.

During the meeting, partners worked on the finalisation of the FinanzFit training programme and the “Wirtschaftswissen leicht gemacht” (Economic Knowledge Made Simple) educational board game, focusing on improving content, usability, and accessibility.

Special attention was given to planning upcoming multiplier events and ensuring that the project results are ready to be presented to stakeholders through dissemination activities.

Special attention was given to planning upcoming multiplier events and ensuring that the project results are ready to be presented to stakeholders through dissemination activities.

In addition, partners reviewed progress, discussed further tasks, and agreed on the final steps to ensure the successful completion of project objectives.

The final session focused on the evaluation of the meeting and overall project progress, allowing partners to reflect and improve future collaboration.

The meeting also provided valuable opportunities for networking and informal exchange, strengthening the partnership and enhancing intercultural cooperation.

This productive meeting in Innsbruck marked a key milestone, ensuring that the project results are finalised, accessible, and ready for use by target groups across partner countries.
